

Figures were put together by Provo and Orem Fire Dept. Paramedics,
and the Highway Patrol.

They cover a period of approximately 15 years.

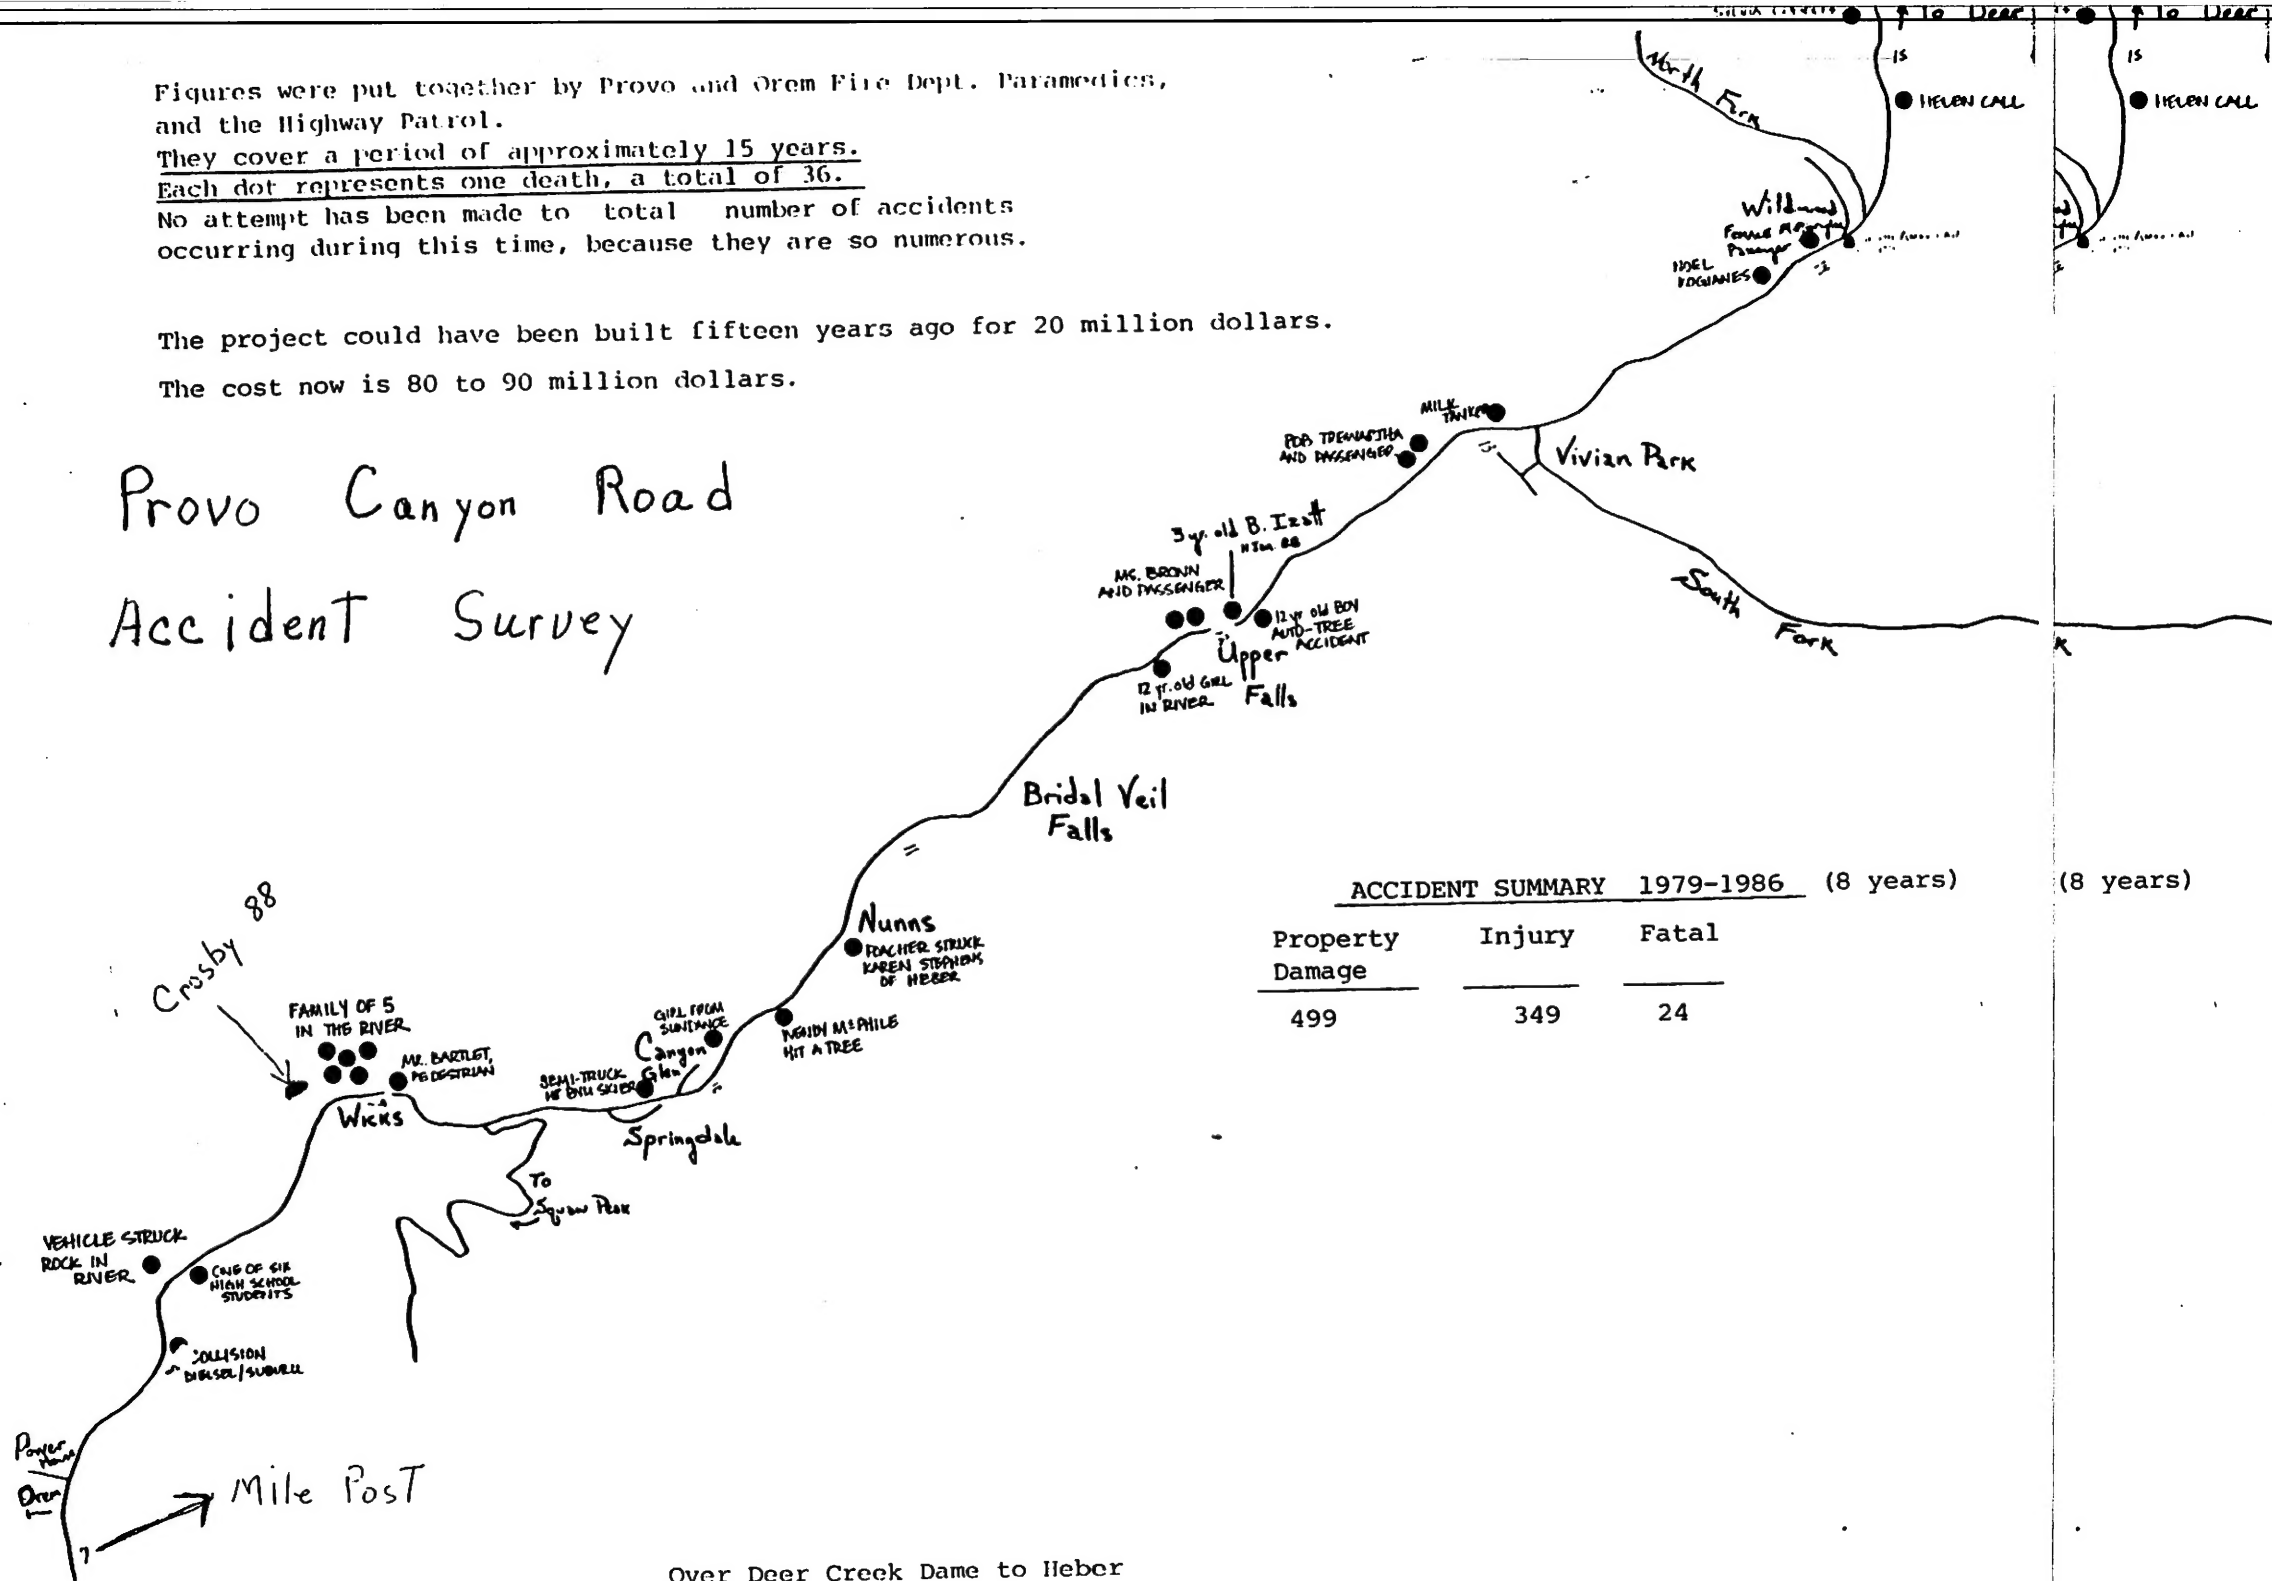

Each dot represents one death, a total of 36.

No attempt has been made to total number of accidents
occurring during this time, because they are so numerous.

The project could have been built fifteen years ago for 20 million dollars.

The cost now is 80 to 90 million dollars.

Provo Canyon Road Accident Survey

COCK, THOMAS (son of William Hancock and Hannah
Mary of Derbyshire, Eng.). Born July 3, 1844, Derbyshire,
to Utah Oct. 7, 1866, Captain Scott company.
